Digital Printing Calculation Guide

Terms and Conditions

Reject & Redo Policy

All jobs to be reprinted must be returned before the replacement job is dispatched. Redo's must be lodged within 1 month from date of invoice.

Cancellation Policy

Any jobs cancelled after design work has commenced will be invoiced at the standard charge-out rates.

A minimum cost will apply (see terms and conditions below).

Pro-Rata

3 Legged Dog Designs aim is to always provide the full quantity of a job requested. However short supply may occur. In the event of this happening, you will either be re supplied with extra product or where it is not commercially viable to re supply you, you will be offered a pro-rata discount.

The prices enclosed are current at the time of publication. Due to fluctuating stock or freight costs outside our control, we apologise if prices alter without prior notice.

Freight:

Package & Handling / Freight

We use a dedicated overnight freight service to ensure quick, accurate delivery of your goods.

Bulk or rural deliveries are an extra 1-2 days over and above this. There is no packaging or freight charge for jobs picked up from our office.

Fast Turnaround Service

For urgent jobs that are needed within 3 working days a 30% service fee will be added.

Proofing work

Design work is proofed prior to printing and every effort is made to ensure jobs are free of mistakes or typos prior to printing however, any mistakes not picked up by the client are the responsibility of the client.

DESIGN

1

LOGOS

All clients have a full design consultation prior to work being undertaken this involves finding out what design will work best for your market and also what's the best strategy to take.

Proofs are sent prior to production of works this helps in fine tuning the design and exploring any new concepts. Our Designers are fully qualified with tertiary degrees in the Visual Communication industry and come with over 30 years experience here and overseas.

Logo Designs can take time there may be many colour options and design variations that could be used. Successful results come from a clear client brief so please let us know what you want and don't want, so the design starts off on the right track.

Prices Range From \$200.00 - \$600.00

Website Packages

WEB

How is the website produced?

1. Briefing on your website
2. An initial template is then up loaded for viewing.
3. Once approved the site is populated with your content and completed.

Website costs vary depending on the extent of pages, content, coding requirements and image handling. Submit a brief on line to get back a quote and FREE consultation.

Bronze Websites from \$650

A Bronze site offers an introductory level into the web. With a 4 page basic site you get a simple web presence without breaking the budget.

4 Page Website • Up to 10 Photo's • Visual Custom design

Silver Websites from \$990

A Silver site offers a medium level into the worldwide web. With a 5 page web site you get a solid basis on which to launch into the web including a feedback form for that all important feedback.

5-6 Page Website • Up to 15 Photo's • High end Visual Custom design • SSL Feed back form • Custom Navigation • Flash Navigation

Gold Websites (quoted on Brief)

A Gold site offers your company the top level. With a large page site you will be able to convey all necessary information to clients. An advanced graphical approach is taken to really jazz up your site. In this range we can also offer a site that has many additional pre packaged features such as Newsletter mail outs, SMS instant messaging, Self editing online, shopping cart options and much more.

All Websites get . . .

- GOOGLE URL search engine submission
- 15 email accounts
- FROM 100MB Web server space
- Free Web Statistics

(on-line client log in web statistic page, so you can see your hit count and where the customer came from, even time duration per page.)

Hosting, Admin & Search Engine Optimisation (SEO)

WEB

Hosting

If you want your Web Site to be visible to the world, it has to be Hosted on a Web Server.

A Web host is in the business of providing server space, Web services and file maintenance for Web sites these are controlled by 3 Legged Dog Design.

Website Hosting is \$17.50 per month
Email Hosting (without a site) is \$10.00 per month

Domain Names

A domain name is a unique name for a web site, like www.3leggeddog.co.nz Domain names must be registered. When domain names are registered they are added to a large domain name register, and information about your site - including your internet IP address - is stored on a DNS server.

Registering a Domain

Domains can be registered with 3 Legged Dog
Domain Name Annual registration is \$45.00

Flash Animation

Flash animation really gives life to your website and will put your site ahead of the crowd, flash animation is moving imagery, its a specialised field and depending on your requirements will cost extra. Please outline what you'd like for a quote for this service prior to production.

Search Engine Optimisation (SEO)

Get your site ranked higher on search engines, we can really get your site ranked up on the top Search engine pages from as little as \$750, please ask about this service as there are many options and different routes to take for this service.

Digital vs Offset printing

Digital Printing - It can be differentiated from litho printing in many ways, some of which are; The Ink or Toner does not absorb into the paper, as does conventional Ink, but forms a layer on the surface. It generally requires less waste in terms of chemicals used and paper wasted in set up. It is excellent for rapid prototyping, or small print runs which means that it is more accessible to a wider range of designers.

Offset printing - is a widely used printing technique where the inked image is transferred (or "offset") from a plate to a rubber blanket, then to the printing surface. When used in combination with the lithographic process, which is based on the repulsion of oil and water, the offset technique employs a flat (planographic) image carrier on which the image to be printed obtains ink from ink rollers, while the non-printing area attracts a film of water, keeping the non-printing areas ink-free.

What are some of the advantages of digital offset printing?

Cost effective - material and labour charges are eliminated at both the pre-press and printing stages. Accurate proofing - each sheet that comes off the press is exactly what will be printed. Faster turn-around time. Fewer steps in the workflow and accurate proofing speed up the process. Print on demand - you no longer have to store brochures, pamphlets or information.

Personalization - adding personalized elements to your projects increase reader retention.

When should I choose Digital or Offset Printing?

- Small quantities - 1 to 5,000
- Single page documents - up to 4 pages
- Variable data/ personalization
- Lower quantities, printing or reprinting when you need it, consistent colour from print to print, all these factors add to the advantages of digital printing.

Digital Colour Printing Costs

All in A3 sizes sheets (so if A4 is required reduce the rate by half as it will then be trimmed down)

Step 1: Quantity of A3 Sheets

1-10	x A3	\$5.75
11-20	x A3	\$4.30
21-50	x A3	\$3.50
51-100	x A3	\$2.80
101-200	x A3	\$2.10
201-500	x A3	\$1.55
501-1000	x A3	\$1.35
1001-1999	x A3	\$1.15
2000+	x A3	\$1.05

> Step 2: How many sides

Full Colour 1 side	(as above)
Full Colour 2 sides	x 1.50
F/C 1 side, add black reverse	x 1.15
Black 1 side	x .25
Black 2 sides	x .40

> Step 3: Stock Costs

150gsm Are the rates for above.

For thicker stocks of 260gsm or 300gsm please add rate below to Step 1.

Gloss 310gsm	+ \$0.60
Matt 300gsm	+ \$0.70
Super Glossy 300gsm	+ \$0.90

> Calculate your digital printing costs please follow these steps:

Step 1. Work out Qty required

Step 2. Then work out if the job is single or double sided, then multiply Rate with Step 1

Step 3. Take this Qty Rate then add stock costs (if required)

Example Guide

"I need 200 A5 Flyers, Full colour both sides on 310gsm gloss card."

1. 50 x A3 sheets = Qty Rate \$3.50
2. add \$1.50 (double sided rate) then x \$3.50 = \$5.25 (this is now the Qty Rate)
3. \$5.25 + \$0.60 (stock cost) = \$5.85
4. Multiply \$5.85 (unit price) x 50 Qty **Printing Cost = \$292.50**

NOTE: Most jobs will require trimming to be added once printing is complete see Rates below

Finishing Costs

TRIMMING:	\$25 for units of up to 1000 and \$40 for units thereafter (per 1000)
CREASING:	\$40 for units of up to 1000 and \$45 for units thereafter (per 1000)
FOLDING:	\$30 for units of up to 1000 and \$40 for units thereafter (per 1000)
HOLE DRILLING:	\$25 for units of up to 1000 and \$35 for units thereafter (per 1000)
SCANNING:	Images up to A4 size at \$15, Drum Scanning and Negatives \$20 - \$45

ALL PRICES IN PRICE LIST ARE EXCLUSIVE OF GST
